## HOLD-UP MEN STILL ACTIVE

### Lone Highwayman at Pistol Point Robs Washingtonian

### STAGED NORTH OF CITY

**Robber Secures $18 and Scarf Pin From Victim—Believed to Have Escaped in Automobile.**

A hold up occurred at 9:30 o'clock last night near Cottage Park, north of this city, according to reports received here today. The victim of the highwayman was a Washingtonian who was robbed at the point of a pistol by a lone bandit of $18 in cash and a scarf pin.

The reports which were received here are to the effect that the Washingtonian who had been visiting his brother was enroute to the car station when he was approached by the highwayman who made him give up his roll which was hidden in his sock. The highwayman seeing the scarf pin grabbed it.

According to reports the robber then walked away and is believed to have gotten into an automobile which is said to have been standing nearby. No report of the robbery, however, was made to the local police.

### HER GARTER BREAKS; IT COSTS HIM $75

Kansas City, Mo., April 29.—A fair damsel floated into the grocery store of Ed. O. Catlin on Euclid avenue.

"A bottle of milk, please," she asked sweetly. Ed got the bottle.

"Oh, what pretty olives," she exclaimed, moving toward the rear of the store. Ed looked, as he was a man and hadn't noticed such things.

"Oh-o-oo," she blushed a bit, "may I step behind your counter a moment. You see I—my—just a moment."

Ed turned and went to the front of the store. Suddenly she up and thanked him and started to the door. He remembered, and looked. The bottle was still on the counter.

"Here, lady," he explained, "here's your bottle of milk." But the lady kept on going. Then he looked at the cash drawer. It was open and $75 was missing.

### PLANE FALLS INTO RIVER; ONE DROWNS

Cambridge, Mass., April 29.—An airplane used by the New England Airplane Company to carry passengers at a stipulated sum for every minute of flight fell 150 feet into the Charles River basin and the passenger, J. Lester Allen, of the Dorchester district of Boston, was drowned, Ensign W. Elliott Nightingale, the pilot, was severely bruised.

John Cummings, a Cambridge policeman, rescued Nightengale, who had worked himself free from the plane, Cummings and N. S. N. Williams, coach of a private school crew, dived for Allen, but it was nearly fifteen minutes before they could bring his body to the surface.

Nightengale said that engine trouble had sent the machine into a nose dive.

### MASS MEETING TONIGHT

Mrs. Deborah Knox Livingston, of Rhode Island, will address a mass meeting tonight at 8 o'clock in the Lecture room of the M. E. Church South under the auspices of the Woman's Christian Temperance Union, of this city.

Mrs. Livingston is one of the few women in America worthy to be called an orator.

Testimony to this can be given by many audiences on both sides of the water who have fallen under the spell of her words. She is distinguished for open-mindedness and intellectual honesty. She has the ability to present her thought in a clear and logical form, in a voice pleasing in its quality and strong enough to be heard without effort in the largest halls. It is an intellectual treat to listen to her.

### EMPLOYMENT SUNDAY

**A Proclamation by the Governor of Virginia**

Whereas, The church organizations of the country have united in an effort to assist in finding work for returning soldiers, sailors, marines and war workers, and have designated Sunday May 4, 1919, as "Employment Sunday" to be observed in all churches; and

Whereas, The President of the United States has requested the people of the United States universally to observe "Employment Sunday" as a day of fresh dedication to the mutual helpfulness necessary to enable us to work out in the months to come the difficult problems of employment and industrial reorganization; and

Whereas, The Secretary of Labor of the United States has requested the Governors of the States to issue proclamations endorsing "Employment Sunday"; now,

Therefore, I, Westmoreland Davis, Governor of Virginia, request that Sunday May 4, 1919, be observed in all the churches of this Commonwealth as "Employment Sunday," and that the obligation resting upon the Nation to provide employment for our returning heroes and war workers be made the subject of all sermons and Bible class discussion on this day.

Given under my hand and under the Lesser Seal of the Commonwealth, this twenty-sixth day of April, in the year of our Lord one thousand nine hundred and nineteen, and in the one hundred and forty-third year of the Commonwealth.

WESTMORELAND DAVIS,
Governor.

### WOULD CRUSH OUTBREAK

**Proclamation Summons Citizens to Aid in Putting Down Threatened Uprising May 1.**

Chester, Pa., April 29.—Sheriff Albert R. Granger last night issued a proclamation calling upon the citizens of Delaware county to prepare to crush the spread of Bolshevism which threatens to engulf the city. Thursday has been designated as the day on which sympathizers of the 64 Bolshevists arrested yesterday will make a public demonstration with a parade and mass meeting in protesting against the arrests.

To guard against the outburst Sheriff Granger has enrolled the help of police, deputy sheriffs, State police and Citizen Home Guards. A special armed guard was stationed around the county jail at Media last night to stave off any attempt of the Bolshevists to storm the jail building. Plans for handling any demonstration here were mapped out by Sheriff Granger and Police Chief Davenport at a conference.

In the proclamation issued last night special emphasis is given to a warning that no leniency will be shown to enemies of the Government. The proclamation asks that all men in Delaware county who have served in the armies of the United States shall send their names to the Sheriff so he may have their aid "if the enemies of the Government attempt to carry out their threats."

Circulars flooded the city last night calling for a general strike in the industrial zone, beginning Thursday morning, and especially with all soldiers and sailors to join the movement.

Organized labor here will not join in the movement, it was learned. Soldiers and sailors when approached on the subject rebuked the Bolsheviks' offer and declared they would be loyal to the Government.

The entire populace has its eyes on May 1 waiting to see what move the Bolshevists will make.

## WAR TANK TO EXHIBIT HERE

### Will be at George Washington Park Thursday From 6 to 8 p. m.

### CONCERT TO BE GIVEN

**Affair Will be Staged by Local Victory Loan Committee—Music by 63th Infantry Band.**

Under the auspices of the Victory Loan Committee a Victory tank will be in Alexandria Thursday evening for exhibition purposes and incidentally to stimulate interest in the Victory Loan Campaign.

Through the efforts of the local committee the services of the tank have been secured for this city and also a band.

It is proposed to have a big celebration and parade at George Washington Park from 6 until 8 o'clock Thursday evening to which all of the citizens of Alexandria and adjoining counties are invited.

The occasion will be enlivened by music furnished by the 63th Infantry Band of forty pieces.

An experienced driver of the great big tank will be in charge of that war machine and from 6 until 8 o'clock exhibitions will be given of stunts performed by the machine on the European battlefields.

The local committee feels proud of its accomplishment in securing the services of this machine. It will be the first time it has exhibited in Alexandria.

The various committees in charge of the sale of the bonds report a steady sale of the bonds and all of the banks report a good demand for Victory Bonds. Everyone should bear in mind that these bonds pay three and three quarters per cent interest and that there is no better bond investment to be found in the United States than a Victory Bond.

Buy until it hurts and it will be a nest egg for you in old age.

Official and unofficial reports reaching the War Loan Organization state that a number of counties in the Fifth District have already subscribed their allotment of Victory Liberty Notes. This is a splendid start, but the hope is urgently expressed that in these and other counties the campaign will be continued with unabated vigor until it closes officially on May 10. The success of the loan will be largely determined by the number of subscribers and the maximum can only be obtained by continuing the selling efforts with full force until the last day of the campaign.

### BRUTAL MURDER

**James Tydings, of Anne Arundel County, Md., Found With Skull Crushed.**

Police officials of Anne Arundel County are confronted with one of the most baffling murder mysteries in the history of the county, in connection with the death of James Elder Tydings, 50 years old, a farmer and carpenter, living near Boone Station, eight miles from Annapolis, whose body was found in a clump of woods near the Annapolis-Baltimore boulevard, not far from his home, yesterday afternoon. His skull was badly crushed. A blood-stained stone is in the possession of Sheriff Bellis, mute evidence of the manner in which the crime was committed. Apart from this, however, authorities have no clue, whatever, although it is reported that three of four negroes living in the neighborhood have been missing since Saturday night, the time that the murder is supposed to have been committed.

Tydings was a member of one of the most prominent families of the county. He was a cousin of the late Judge Henry A. Tydings, for many years chief judge of the County Orphans Court. He was unmarried. That robbery was the motive of the crime is indicated by the fact that Tydings' week's pay, which he had just received, was missing. The rock with which his assailant or assailants had beaten out his life was a jagged shape, and in addition to the quantity of bloodstains it also bears strands of the dead man's hair.

### DEATH OF MRS. E. A. DEAVERS

Mrs. Eliza Ann Deavers, wife of Orlando Deavers, died shortly after 4 o'clock yesterday afternoon at her residence, 110 North Patrick street, at an advanced age.

Mrs. Deavers besides her husband is survived by the following children: Charles Nagel, Mrs. Sophie A. Smith, Mrs Sarah N. Hendrich, this city, and James B. Nagel, Washington.

Her funeral will take place at 11 o'clock tomorrow morning from Christ P. E. Church and services will be conducted by Rev. Dr. W. J. Morton, rector of Christ P. E. Church, and interment, which will be private, will be in Ivy Hill Cemetery.

## OLD FIRM SELLS DRY GOODS BUSINESS

### D. Bendheim and Sons Dispose of Its Establishment

### HALF CENTURY OLD

**Purchasers Have A Chain of Stores—New Firm to be Known as D. Bendheim and Sons, Inc.**

The firm of D. Bendehim and Sons, for the past half a century, one of the most popular dry goods houses in this city, with a store at 417 and 419 King street, has sold out to James Maxwell Rodgers and associates. Mr. Rodgers for twenty-years was financial manager for Gimbel Brothers department stores of New York and Philadelphia.

The new firm has already taken over the stock and good will of the Bendheim firm and it will hereafter be operated under the firm name of D. Bendheim and Sons, Incorporated. The purchasers have leased the building for twenty years.

The firm of Bendheim and Sons was founded fifty years ago by the late David Bendheim. He died fifteen years ago and was succeeded in business by his two sons, Messrs. Samuel and Louis Bendheim.

This firm for many years continued business at 316 King street. However, the business done by this firm continued to grow and proper and six years ago this concern erected the handsome building they now occupy.

After moving into their new quarters their trade gradually increased until today they are leaders in their line of business. Their ever increasing popularity was attended by the large patronage they enjoyed during their business career. Both members of the firm were extremely popular with the trade as were also their wives who assisted them in the business.

They will retire from active participation in business affairs after a most successful career.

The new firm that succeeds them operates a chain of department stores and has a capital stock of $2,000,000. At present this concern operates, the store of P. Wiest's Sons, York, Pa.; Kennard and Company, Wilmington, Del., and Yards, Trenton, N. J., and one in Norristown, Pa., This concern also maintains special buying offices at 277 Fifth Avenue, New York City and 33 Mercer street New York City.

The present business which is that of general dry goods, women's and children's ready to wear will be developed and enlarged and new departments added as opportunities present themselves.

For years having been a leader in styles and having a fixed standard of the highest, it will be the main of the new management to measure up to that standard and improve upon where it is possible. All courtesies and credit accommodations extended by the old firm will be continued by their successors.

The purchasers are progressive up-to-date men and the Gazette extends to them its best wishes for success in this city.

For the retiring members of the Bendheim firm the Gazette also expresses its best wishes for their future success.

Messrs. Bendheim have not made any plans for the future as yet, although they expect to remain in their native city for some time to come.

## ARMENIAN DRIVE ENDS SATURDAY

### Amount Subscribed to Date is $1,310.67—All Asked To Pay Pledges

### APPEAL FOR FUNDS

**Since Last Report $90 Received by Local Committee—All Urged to Contribute to This Cause.**

The local drive for the Armenian and Syrian Relief has been extended to Saturday, May 3rd, by which date it is hoped that all pledges will have been paid in, and returns can be made to the general treasurer of the movement.

It is asked that in these closing hours of the drive our people be as liberal as possible in responding to this appeal to humanity for our suffering neighbors.

To date total contributions amount to $1,310.67. Contributions received since last report are as follows;

Martha Washington Chapter No. 42 Eastern Star, $10; Geo. E. Warfeld, 10; W. A. Smoot and Co., Inc. 25; Miss Margaret Alexander, 2; C. B. Swan, 5; Miss Rebecca Germond, 5; T. Clifton Howard, 5; Arthur Herbert, jr., 10; Dr. T. B. Cochran, 5; Miss Constance Boush, 5; Jas. H. Adams, 3; Harry W. Wade, 5; Total $90.

All are urged by the local committee to contribute to this worthy cause.

### MEXICO RESENTS REBUFF

**Insult Seen in Action That Excludes Republic From League of Nations**

Distinct disappointment was voiced in Mexican diplomatic circles yesterday at the failure of the Peace Conference to invite Mexico to become a member of the league of nations.

The main thought expressed was that the action of the allied and associated powers in placing Mexico on a plane with Costa Rica, San Domingo and even the enemy countries was tantamount to insult.

Within a fortnight the Carranza government, which may topple as a result of the Paris decision, is expected to transmit to the conference a message which will combine a request for admission with the expressed desire to know why the conference put Mexico in the pale of "outlaw" nations.

Mexico will doubtless order Minister Pani, who expected to become his country's diplomatic representative in France, to return home, and similar action may be expected in the case of Eduardo Hay, the Mexican minister to Italy. Neither of these plenipotentiaries have been received by the governments to which they were assigned.

### 22 LOST WHEN TUG SINKS

Brussels, April 29.—The British naval tug Hughli sank off Nieuport yesterday, with the loss of 22 men of her crew. Ten of the crew were rescued. The Hughli was carrying explosives for use in clearing obstructions from the Ostend channel. It has not been determined whether the accident was due to an explosion or the vessel's striking a sandbar.

### SON OF EX-KAISER PLUNGES DEEP AT ROULETTE

London, April 28.—Prince Joachim, one of the ex-Kaiser's sons, is the greatest gambler at the new Italian Monte Carlo at Campione. At night the former imperial prince plunges at roulette. Campione is crowded by fugitive German and Austrian aristocrats.

### HINDENBURG QUITS AS ARMY LEADER

Copenhagen, April 29.—Field Marshal von Hindenburg has retired as commander-in-chief of the German Army and is retiring to his estate in Hanover, said a Berlin dispatch to the politiken today.

It is expected that von Hindenburg will be succeeded by General Groener former German food controller.

Support the Victory Loan and help Alexandria "go over the top."

The taxes imposed by this section shall be paid by the purchaser to the vendor at the time of the sale and shall be collected, returned, and paid to the United States by such vendor in the same manner as provided in section 502.

### MOB OUSTS GIRL STRIKE BREAKERS

Terre Haute, Ind., April 29.—Two companies of State militia are on duty at Linton, Ind., today, following a riot last night when 500 persons smashed their way into the office of the Linton Telephone Company and compelled eight girl strike breakers to leave the switchboard and seek refuge on the roof of the building. The girls were rescued by policemen after hiding on the roof for nearly an hour.

The telephone operators' strike began last Thursday when the fifteen operators at the local exchange walked out, demanding wage increases and shorter hours. Several girls from nearby towns were employed as strike breakers.

Following an "indignation meeting" last night, attended mostly by miners the crowd went to the exchange building, forced their way through the front door and entered the operating room. The eight girls became panic-stricken and fled to the roof.

## NEWS OF CITY TOLD IN BRIEF

Wear a Victory Bond Button.

A supper will be given tonight at Trinity M. E. Church.

President Wilcox, of the Virginia State Federation of Labor, will at 8 o'clock tonight deliver an address before the members of organized labor in the city. Union men are requested to attend.

Mrs. A. S. Doniphan and son, Master Jack and Miss Lou Gary have returned from Fort Totten, N. Y., where they were guests of Mrs. Doniphan's daughter, Mrs. Roxie Doniphan Swan, wife of Lieut. Col. Daniel N. Swan.

A large number of members of St. Mary's congregation last night attended a social given in the Lyceum Hall in honor of the members of that church who have recently moved to Alexandria.

James B. Gardner, 1211 Duke street, has been notified that his son, Walter P. Gardner, has arrived at Newport News, Va., from overseas. Mr. Gardner left Alexandria with the old Alexandria Light Infantry.

The Alexandria National Bank is making immediate delivery of Victory Bonds paid for in full at time of subscription, and allows ten months time to complete payment for bonds bought on installment plan.

Mr. and Mrs. J. F. Pettey have received a letter from their son, John F. Pettey, of the 117th Field Battalion, U. S. E. F., (Rainbow Division) announcing his arrival a few days ago at Newport News. He is now at Camp Hill, near that city.

### IS RICHEST COAL CITY

**Pottsville, Pa., Rests on 800,000,000 Tons of Anthracite**

Pottsville, Pa., April 29.—Pottsville is the richest coal citl not only the United States but in the whole world, Mining Engineers W. C. Monroe and W. F. Sekol of Scranton told the Pottsville Property Owners' Association.

These engineers stated there are 800,000,000 tons of coal under Pottsville, in well authenticated veins, the coal being more than 200 feet in thickness. It is premium quality, much of it being of the famous Lykens Valley red ash coal. There are 22 veins above the mammoth and four veins below.

### IN MEMORIAM

In sad but loving remembrance of our darling little daughter Alice Virginia Ratcliffe, who departed this life three months ago today, January 29, 1919.

There's a vacant chair by the hearthstone.
There's a place that can never be filled
For we lost one of earth's greatest treasures
When the heart of our baby was stilled.
Oh, the memory of that sad evening.
As we stood with aching hearts.
Seeing the one we loved so dearly
Pierced by death's most cruel darts.
Through the pearly gates of heaven
Though it left our home so drear.
God thought it best to take her from us,
Though it left our home so dear.

102-1t. By Her Parents.

## LENINE AND CONFUCIUS

In government Lenine is a savage; in his ideas of economics he is a child says an exchange. He is described by a correspondent who has interviewed him as a devoted reader of the works of Confucius, particularly impressed with the ideas of the Chinese sage in regard to agriculture. Confucius, we believe, died a good many years ago. In his own time and place he may have been an eminent farmer, but there are more recent treaties on agriculture—Virgil's Georgies, for example, Horace Greeley's "What I Know About Farming," and some notes by George Washington, not to speak of more technical and professional works. But can anybody outside of an asylum imagine a man in his position of dictator of a nation who goes to Confucius for information about farming?

Lenine's interest in agriculture is so great that he turns from Confucius and suspends the principles of communism to employ mechanical experts at high salaries, as he says, to make agricultural implements. He excuses this deviation from the true highway of communism by saying it is temporary, to cover a transition period. But he does not explain how communism or anarchy is going to breed manufacturers of agricultural implements so that the methods of capitalism can be dropped.

## SALUTARY LESSONS

The reckless automobilist is getting a lesson in the New York courts. One of the tribe has just been convicted of manslaughter in the second degree there, though the jury accompanied the verdict with a recommendation for mercy. The District Attorney's office in New York has been waging a campaign against reckless driving, and Justice Davis, before whom this case was tried, expressed the opinion that the verdict would have a salutary effect. He told the jurors that drivers were becoming so careless and indifferent as to the rights of pedestrians that people must be always "on the jump" to avoid being mangled or killed.

The Baltimore Sun suggests that "as soon as homicidal recklessness in the use of motor machine is made a criminal offense there will be a notable decrease in so-called "accidents" of this character. When a driver knows that killing or maiming another person may mean the penitentiary for himself, there will be less disposition to forget the other fellow."

## "WILD WEST" IMITATORS

Recently a father in a neighboring city came in flourishing an ugly revolver, big enough to kill an elephant, and behind him walked demurely his 12 year old son, the owner of the gun. The father had discovered the weapon by accident.

Under the coat-tail of the youth swung a nice leather holster to hold the shooter.

The boy said he could name 20 other boys of his grade who were carrying similar weapons. Not all of them came to school armed every day, but there were always a few of the weapons for use in the back corner of the wash room, where the Wild West Company held daily inspection.

"Wild West Company"—that is the idea—and the entire country was perhaps never before so full of young "Wild Westers."

The country is in grave danger of a big crop of desperadoes within the next 10 years should due caution not be taken.

Early one night recently about a dozen boys, some carrying catrifles and others so-called toy guns, were seen marching hurriedly towards the southeastern section of Alexandria. Upon being questioned they said they were on their way to engage in a battle with youths living in a certain neighborhood. The police obtained a hint of the coming battle and soon appeared and scattered the would-be belligerents.

## UNIVERSAL CHURCH

The Church of the Messiah, Park Avenue and Thirty-fourth street, New York, by a vote of its members, has adopted a new "statement of purpose," from which mention of Christ and Christianity is omitted.

The Rev. John Haynes Holmes, the pastor, announced that henceforth the church will recognize neither "sect, class, nation nor race."

"We are taking a step that will put our church abreast of the times," said Dr. Holmes. "A spirit of progress is awakening in all religions, although it has not yet manifested itself in most churches. We believe the day of denominationlism is gone. I myself am a Christian, but I believe the best in Christianity, and the best in Judaism are identical. We already have about 50 Jews and some Hindus in our membership. Chinese will be welcome, regardless of their faith. You will notice that Christianity is not mentioned in our new statement of purpose."

During the past five years thoughtful persons have often meditated upon the rapid fulfilment of scriptural forecasts of the latter days. We have had wars and rumors of wars, nation has risen up against nation, and famines and pestilences have prevailed. The uneasiness of the world at present is ominous and is causing no little anxiety among those representing governments.

The above statement concerning the so-called "Church of the Messiah," is another fulfillment of the Bible. In the words of Gypsy Smith, Jr., listen:

"For there are certain men crept in unawares, who were before of old ordained to this condemnation, ungodly men, turning the grace of our God into lasciviousness, and denying the lonly Lord God, and our Lord Jesus Christ."

## MAY BUILD $1,000,000 PLANT

**Syndicate To Manufacture Sulphuric Acid Near Rockville.**

Rockville, Md., April 29.—Negotiations are in progress for the erection near Great Falls of a $1,000,000 plant for the manufacture of sulphuric acid. The project is promoted by a syndicate of Philadelphia and New York capitalists, who own more than 3,000 acres and control valuable water rights at Great Falls. It is planned not only to manufacture sulphuric acid on a big scale, but to convert the residue into fertilizer.

The site of the proposed plant is the Jod Maryland Gold Mine, on the Conduit road. This property and the Hill, Townsend, Ford, Watson, Mitchell and Jackson farms were purchased several years ago in the belief that they contained values deposits of gold, but careful and expensive prospecting, extending over about three years has convinced the promoters that gold does not exist there in paying quantities, and all idea of further expenditures there for goldmining purposes has, it is understood, been abandoned.

Some preliminary work has been done and it is stated that the actual work of constructing the plant will be started within the very near future. It is also said that the purchase by the same syndicate of the Great Falls and Potomac Electric Road is seriously contemplated.

## FOUR SAILORS DROWN

**Motor Dory Sinks in Collision With U. S. S. Henley.**

New York, April 29.—Four sailors were drowned early yesterday morning when a motor dory belonging to the United States destroyer Bell was sunk in a collision with the United States steamship Henley, according to an official statement issued from the office of the chief of staff of Rear Admiral Ashley Robertson.

Never before has the American public had the money to spend which it has today.

The merchant or manufacturer who sits back and waits for this money to come to him without making any effort to get it will awaken when it is too late. He will then realize that his more aggressive competitor has been on the job and has taken advantage of the strongest sales weapon known to industry, namely, advertising.

Don't wait for things to come your way without doing anything to help them along.

Advertise—increase your advertising. use the newspapers to tell your story. Multiply the value of your sales talk a thousand fold and more. Develop that great potential market which is ready and willing—yes eager to buy the things you have to sell but does not know that you have them.

To stimulate business surely, quickly, and economically—Advertise now.

### WILL TRY EX-KAISER

**Former Ruler of Germany Likely to Face Accusers at Geneva.**

Washington, April 29.—The State Department today announced that William Hohenzollern, former emperor of Germany, would be brought to trial on charge of a "Supreme offense against international morality and the sanctity of treaties."

## MOTHERS, DO THIS—

**When the Children Cough, Rub Musterole on Throats and Chests**

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

At first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

25c and 50c jars; hospital size $2.50.

MUSTEROLE

WILL NOT BLISTER

The announcement came as a distinct surprise here as dispatches from Paris had said the ex-Kaiser would not be brought to trial. Insistence on the part of the British, because of the election pledge made by Lloyd George that the authors of the war would be punished, and also by the French, because of the deep hatred the French people bear for the former emperor, is believed to be the reason for the conference's stand.

An international tribunal, composed of five judges from the United States, Great Britain, France, Italy and Japan, will hear the charges against the one-time ruler of Germany, and the trial is expected to be held in Geneva, Switzerland, the seat of the league of nations and a neutral point.

As the former emperor will be given the right of defense, he probably will choose German lawyers, who have been steadfast in their devotion to his dynasty.

The United States, it is believed will, through President Wilson, delegate one of the members of the Supreme Court to act as the American representative on the high court.

Under no circumstances, it is believed here, will the Kaiser be condemned to death. His punishment, if found guilty, will doubtless be banishment, as was that of Napoleon. There is not the slightest chance that St. Helena will be chosen as his place of exile, if such a course is decided upon, for that, in French opinion, would raise him to the plane of Napoleon.

The allies, the articles indicate, intend to reach all other enemy offenders of international law, and care has been taken that none guilty will escape. The German government will have to hand over culprits who are named, whose rank is given, or whose office or employment is given. This is the net which will bring in submarine commanders, whose names are unknown, but who sent down vessels without suitable warning.

As the lesser culprits are to be tried by military tribunals there may be many death penalties, as military laws call for the supreme penalty in many cases where civil laws do not. None of the trials, it is believed, will be begun until after the signing of the peace treaty.

### LEAGUE OF NATIONS

**France and Japan Withdraw Amendments They Had Offered**

Paris, April 29.—The revised covenant of the league of nations was adopted by the plenary session of the Peace Conference yesterday afternoon without division and without amendment. The covenant had been moved by President Wilson.

The Japanese and French amendments were withdrawn and it is understood that they have been left for decision by the league of nations itself. M. Clemenceau announced the withdrawal of the amendments and President Wilson's proposal that the covenant of the league of nations be adopted was carried.

There was not more than a moment's pause in honor of the creation of the league of nations, the conference then proceeding with the regular program.

The text of the labor principles for insertion in the treaty was adopted and the conference adjourned without considering responsibility.

The South American representatives expressed aproval at great length before the covenant was adopted. During this part of the afternoon, a distinct restlessness was noticeable, President Wilson walking over to a friend, and Premier Lloyd George disappearing from the room.

When the decision was taken President Wilson was surrounded by delegates and friends who congratulated him on the constitution of the league which he had steered past many quicksands.

The President, in his speech explaining the revised covenant of the League of Nations, said that Sir Eric Drummond, of Great Britain, had been named as the first secretary-general of the league.

Regarding the composition of the executive council, the President said that Belgium, Brazil, Greece, and Spain would be represented on the Council in addition to the five Great Powers until a permanent choice had been made.

## AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much "pep" as you did when in the springtime of youth. Keep your body in good condition, that's the secret.

Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and deadly uric acid accumulations from your system. Take GOLD MEDAL Haarlem Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland.

They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and hearthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

### SIX HURT IN AUTO MISHAPS

**Series of Accidents Occurs Near Strasburg, Va.**

Harrinsonburg, Va., April 29.—The Valley pike, between Woodstock and Strasburg, was the scene yesterday evening of three serious automobile accidents. James Beeler, son of George Beeler, of Strasburg, is in the Memorial Hospital in Winchester with fractures of the skull, leg and collar bone, received when a car driven by him turned turtle on the main street of Woodstock last night. As the road was straight and unobstructed, it is asserted fast driving was the cause. Henry Reese, of Strasburg, who was riding with him, was bruised and shaken up, but was able to leave the hospital the same evening. It is asserted that an operation will have to be performed before the extent of Mr. Beeler's injuries can be learned.

Scott Bowman and Guy Irvin, both of Edinburg, narrowly escaped serious injury, if not death Sunday night when a new machine belonging to Mr. Irvin, in which they were riding, skidded, turning completley over, about a half mile north of Strasburg. Mr. Irvin was not hurt, Mr. Bowman's back was injured and the machine was badly damaged.

Dr. H. E. Brickeral, veterinary surgeon, of Strasburg, was badly injured when his car collided head on with a car from Martinsburg filled with negroes. The extent of his injuries could not be ascertained, and he was rushed immediately to the Windhester Hospital. Two of the negroes were also injured.

### SUES TO RECOVER AUTO

**Buchholz Declares its Alleged Use to Carry Liquor Unauthorized**

Richmond, Va., April 29.—Seeking to recover possession of his $2,000 Cadillac automobile seized while it was alleged, it was being used in transporting liquor in Virginia, Gustav Buchholz, proprietor of the Occidental Hotel, Washington, appeared in hustings court here yesterday with counsel, representing that his chauffeur, James Chisholm, made use of the machine without his knowledge. He said that he had directed Chisholm to take it to a Washington garage for repairs.

After hearing argument, Judge Richardson took the matter under advisement until May 15. His decision is awaited with much interest, because it is expected to set a precedent for cases of that kind.

**"EXCUSE IT, PLEASE!"**

MOST of us have had the experience of being called to the telephone in error—and many of us have blamed the operator. But the records show she is to blame in only a small percentage of cases.

"WRONG numbers" are often caused by people who do not consult the telephone directory. They rely on memory, and memory is fickle. Often they ask for the wrong number, get what they ask for and then say: "I don't want you: the operator gave me the wrong number."

SOMETIMES a caller gives a wrong number, realizes it suddenly and hangs up, the bell of the called person having been rung in the meantime. When the called person answers there is, of course, no one on the line—and the operator is blamed again.

So let's not be hasty in judging.

# How High Will Meat Prices Go?

Swift & Company does not know whether prices will go higher or lower.

It depends upon country-wide and world conditions that Swift & Company cannot control and cannot foresee.

All the world needs meat, and only a small part of the world is raising live stock. So live stock is dear now, and meat prices must keep pace.

Competition will continue to keep the "spread" low so that the price you pay for meat will be as close as possible to what must be paid for live stock.

Our profit of only a fraction of a cent a pound, is no greater when prices are high than when they are low.

### WARNS OF DISEASED CATTLE

**U. S. Officials Fear South Will Become Dumping Ground**

Washington, April 29.—Pending the outcome of an investigation by United States Department of Agriculture, into the sources of tubercular cattle recently shipped into Southern States, persons about to buy stock, especially dairy animals, are cautioned to make full inquiry into the health of the stock and the sanitary conditions on the farms from which the animals come.

Inspectors of the Tennessee Department of Agriculture and the Federal Bureau of Animal Industry, who tested three carloads of cattle received from Illinois a few months ago by Tennessee purchasers, found that tuberculosis existed among from 50 to 90 per cent of the animals. The section from which the cattle were received is now under investigation.

The Bureau of Animal Industry, backed by the scientific and legal staffs of the Department of Agriculture, is determined that the new dairy communities of the South and other parts of the country shall not be made a dumping ground for diseased cattle. Investigations have shown that Southern herds in general are relatively free from tuberculosis.

### BOMB SENT HANSON

**Three Sticks of Dynamite in Package Mailed to Mayor of Seattle,**

Seattle, Wash. April 29.—An infernal machine of sufficient power, according to the police, to blow up the city hall, was discovered in mail addressed to Mayor Ole Hanson and opened at his offices yesterday morning. It failed to explode, although the gas container holding sulphuric acid designed to set off the bomb broke.

The machine was sent from New York, according to the postmark. The return address on the package was that of Gimbel Brothers.

The package was sealed so that when opened a phial broke, the effect of which was intended to explode three sticks of dynamite.

### FACE NEW WAR TAX

**Lovers of Sundaes And Such Must Help Meet U. S. Debt After Next Thursday**

The new war tax bill puts a tax on the patrons of the soda fountains that was not imposed in the bill effective last summer. To be sure, there was a tax on soft drinks, this tax being paid by the manufacturers, and this tax is retained or increased in the present law. But the new tax is to be paid by the consumer to the retailer and the latter will have to hand it over to Uncle Sam to help pay the cost of the war.

The smallest tax is to be 1 cent and any beverage up to 10 cents will have to pay the 1 cent, while every additional 10 cents or fraction thereof will have to bear an additional cent.

### BURLESON'S CONTROL ENDS

President Wilson has ordered announcement that all cables and wires taken over by the Government during the war emergency will be returned to their owners.

"The Postmaster General will recommend that the telegraph and telephone wires be restored to their respective owners as soon as legislation can be secured from Congress safeguarding the interests of the owners in every way that it is possible to safeguard them.

"The information of the Postmaster General as to the condition of the wire companies convinces him that it is imperative that such legislative action must be had before the various telegraph and telephone lines are returned.

"This is not true as to the cable lines, which are in a condition to be returned at once."

COAL. LUMBER AND BUILDING MATERIALS

W. A. SMOOT & CO. INC.

Your Next Winter's Coal

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

## LEADER BANISHED

**George Pflaster is Ordered to Leave Winchester**

Winchester, April 29.—George Pflaster, alleged ringleader in the recent demonstration against Prohibition Officers Hall, Sweet, Sullivan and Dunleavy, following the shooting of Shackelford and Hudson, bootleggers, on the Valley turnpike, was on Saturday put under a peace bond and given twelve hours in which to leave Winchester, not to return.

In addition to acting as leader and spokesman of the anti-prohibition mob which threatened violence on the inspectors, Pflaster was charged with drunkenness and disorderly conduct. He is alleged to have openly offered insults to women on the streets of Winchester. Pflaster had been in jail since his arrest.

The Law Enforcement league, of Winchester, of which A. F. Green is chairman of the executive committee was active in prosecuting the charges against Pflaster.

The prohibition inspectors, it will be recalled, sought a haven in a local hotel and were menaced by a threatening mob, of which Pflaster is alleged to have been the moving spirit.

## ROBBERS SHOOT WIFE

**Steps in as Husband is Attacked and Receives Serious Wound**

Richmond, April 29.—After shooting and probably fatally injuring Mrs. Rosa Bicoff at the store of her husband, 1001 West Mooro street, two masked colored bandits early Sunday morning were driven from the scene by a giant English bulldog.

Abram Bicoff was engaged in counting the money in his cash register when the two colored robbers opened the door, pointed their revolvers at him and ordered him to turn over his money or they would kill him. The storekeeper courageously attacked the pair with a club, and his wife, who had been sitting behind the counter, rushed between Bicoff and the negroes as one of them opened fire. The shot took effect in her abdomen.

Bicoff's dog, which had been lying in the rear of the store, then leaped up, attacked the intruders and drove them from the store, after which they took to their heels and escaped.

Police were summoned at once and appear to be completely baffled. No clues to the identity of the negroes could be obtained. Both were masked and the only description that Bicoff was able to give was that they were medium-sized negroes.

Mrs. Bicoff was rushed to the Virginia Hospital, and officials there assert that her condition is exceedingly critical.

## DENIES VIRGINIA'S PLEA

**High Tribunal Refuses Motion for Receiver for Civil War Debt**

The Supreme Court denied yesterday motions of Virginia officials asking the Supreme Court to appoint Senator Martin, of Virginia, and Thatcher B. Brown, of New York, as receivers to take charge of money and bonds which West Virginia will turn over to the mother State in settlement of the Virginia debt case, and to appoint a special master to adjust claims under the judgment.

The effect of the court's action in denying the motions, according to those familiar with the case, is simply to leave the State of Virginia itself the disposition of the cash and bonds which under an agreement reached between the debt commissions of both States and ratified by the West Virginia legislature are to be paid over to the mother State in compliance with the Supreme Court judgment rendered in 1915, fixing at $12,393,000 with interest as West Virginia's share of Virginia's old civil war debt.

**DON'T FUSS WITH MUSTARD PLASTERS!**

Mustarole Works Easier, Quicker and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Mustarole.

Mustarole is made of pure oil of mustard and other helpful ingredients combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister.

Mustarole usually gives prompt relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.

**"Gets-It" Peels My Corns Off!**

Any Corn or Callus Comes Off Peacefully, Painlessly. Never Fails.

It's almost a picnic to get rid of a corn or callus the "Gets-It" way. You spend 2 or 3 seconds putting on 2 or 3 drops of "Gets-It," about as

Use "Gets-It," peel off corn this way.

simple as putting on your hat. "Gets-It" does away forever with "contraptions," "wrappy" plasters, greasy ointments that rub off, blood-letting knives, and scissors that snip into the "quick." "Gets-It" eases pain. Your "jumpy" corn shrinks, dies, loosens from the toe. You peel the corn painlessly from your toe in one complete piece. That's where the picnic comes in—you peel it off as you would a banana peel. Nothing else but "Gets-It" can do it. Get peaceful, common-sense "Gets-It."

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. MTG by E. Lawrence & Co., Chicago, Ill.

## KILLED BY FALLING MAN

New York, April 29.—Falling from the roof of Delmonico's, on Fifth avenue, yesterday, a waiter employed in the restaurant struck an elderly woman, believed to be Mrs. E. P. Whitehead, of 33 Bellevue Place, Chicago, and killed her instantly.

Both were watching the parade of the One Hundred and Sixty-fifth Infantry which was passing. The waiter, Robert Palmer, was removed to a hospital with a fractured skull.

**PALE FACED WOMEN TAKE PHOSPHATES TO MAKE ROSY CHEEKS AND BEAUTIFUL FORMS**

**Men Need Phosphates to Make Strong, Healthy, Vigorous Bodies**

**Atheletes increase their strength, energy and endurance 200 per cent or more by simply taking a few weeks treatment of Argo-Phosphate**

Atlanta, Ga.—Dr. F. A. Jacobson says that Phosphates are just as essential to any man or woman who tires easily, is nervous, or irritable, worn out, or looks haggard and pale to make a strong, robust, vigorous healthy body, as they are to cotton to make it grow. The lack of Phosphates is the cause of all anemic conditions and the administration of 5-grain Argo-Phosphate tablets will increase the strength and endurance of weak, nervous, care worn men and women 300 per cent. in two or three weeks time in many instances, and their continued use will build up the whole nervous system, and give new life, vim vigor, and vitality to the whole body. I always prescribe Argo-Phosphate to patents who are pale and colorless, and it is surprising to see how quickly a few weeks treatment will transform a pale face to a rosy cheeked beauty. There can be no rosy cheeked, healthy beautiful women, without their system is sufficiently supplied with Phosphates. In recent interviews with physicians on the grave and serious consequence of a deficiency of Phosphates in the blood of American men and women. I have strongly emphasized the fact that doctors should prescribe more phosphates in the form of Argo-Phosphate for weak worn out, haggard looking me nand women. When the skin is pale, and flesh flabby, it is a sign of anemia. When the phosphates go from the blood, the pink cheeks go too. The muscles lack tone. They become nervous, irritable, despondent, melancholy, the brain fags, and the memory fails. Therefore if you wish to preserve your youthful vim, vigor and vitality, to a ripe old age, you must supply the deficiency of Phosphates lacking in your food by using Argo-Phosphate, the form of Phosphates recommended and prescribed by physi most easily assimilated.

NOTICE—Argo-Phosphate which is recommended and prescribed by physicians in all anemic cases, is not a secret or patent medicine, but one that is sold and recommended by well known druggists everywhere, and physicians are daily prescribing the constituents contained in it. Being entirely unlike many other Phosphates, it is easily assimilated and will be found effective in the treatment of indigestion and stomach troubles, as well as for care worn, nervous conditions. The manufacturers of Argo-Phosphate will forfeit to any charitable institution $200. if they cannot treat any man or woman under 65 who lacks Phosphates, and increase their strength and endurance from 100 per cent. to 300 per cent, or more in one month's time, if they are free from organic trouble. It is dispensed by Richard Gibson and The Rexall Store. Free sample mailed by the Argo Laboratories, Atlanta, Ga.

## THEATRES

### GRAND THEATRE

A heart-gripping Paramount photoplay in which Marguerite Clarke plays the part of a little hoyden is "The Crucible," which will be shown at the Grand Theatre tomorrow.

She is like a fairy of childhood's wonderland across the white screen of the universe, and is the spirit of make-believe, which plays no favorites, "grown-ups," as well as "kiddies" loving her more perhaps than any other actress on the screen.

Also Houdini master of mystery.

### RICHMOND THEATRE

The red heart of the west featuring Tom Mix, is coming to the Richmond Theatre tonight in a new photoplay of thrills and romance. This time he is fighting for gold, and you can count on it that when Tom Mix is the hero of a fight, it is the real thing—and then a few! The great cowboy actor thinks nothing of scaling rocky cliffs, jumping down precipices, and bounding over shanty roofs. His stunts alone are enough to make thousands want to see "Fighting For Gold."

### INGOMAR—Vivian Martin

Beautiful and charming Vivian Martin, one of the most popular screen artists, will appear in her latest Paramount photoplay, "Her Country First," at the Ingomar tonight.

This excellent photoplay provides Miss Martin with abundant opportunities for the display of her talents and her characterization is its chief charm.

### U. S. PLANES TO TRY FLIGHT

**Machines Will Attempt to Keep in Sight of Each Other on Transocean Trip**

New York, April 29.—The Navy Department announced here last night the personnel of the aviation crews—five men to a plane—who will attempt early next month to cross the Atlantic in three huge hydroairplanes. Commander J. H. Towers, Lieut-Com. A. C. Read and Lieut. Com. P. N. L. Bellinger will be the plane commanders, with the first named in general charge of the expedition.

The airships, the N. C1, N C-3 and N C-4, after a flight from their home station at Rockaway Point, on Long Island, to a base established by the navy off the Newfoundland coast, will set out together in an attempt to reach a European destination not yet made public. It is generally believed that the planes will touch at the Azores and again off the Portuguese coast, there resuming the air cruise to the British Isles.

Officially, it was stated at Rockaway Point that no land stops would be made. At the New Foundland base and wherever else the machines may descend they will be moored while awaiting a resumption of the flight, as erection of appliances to haul the craft out of the water would require much time and entail heavy expenses.

### TAKE WOMAN AS SWINDLER

**Minister's Daughter Said to Have Victimized Department Stores**

Pittsburgh, April 29.—Charged with false pretense in connection with a series of swindling operations which are said to have cost Pittsburgh's department stores thousands of dollars, Miss Nellie Danley, aged 27, daughter of the late Rev. W. S. Danley, a Presbyterian minister, was released Saturday on $5,000 bail for a hearing. She has been filling a lucrative position as bookkeepr for a large concern here and lives with her mother in the Squirrel Hill district.

The detectives say she had a list of 43 wealthy Pittsburgh women having charge accounts in the large department stores and that Miss Danley would obtain goods without exciting suspicion by representing herself as one of the women on her list. The young woman planned to be married soon to a wealthy coal operator of Morgantown, W. Va., whose name the police are withholding. He was with her yesterday while she was shopping. She left him for a few minutes to buy a box of rouge, rejoining him at an elevator, which they entered.

The saleswoman from whom the rouge had been purchased recognized the name Miss Danley gave as one of those used by the mysterious woman for whom the detective had asked her to watch. She notified a store detective and as Miss Danley stepped from the elevator she was arrested.

Her fiance, stunned by the accusation against her, collapsed and had to be helped from the store.

### BUTTONS ARE READY FOR DISCHARGED SOLDIERS

Victory lapel buttons to be worn on civilians, army field clerks, and the army nurse corps, are ready for distribution by the War Department, it was announced today.

Persons hereafter discharged will receive the button when they leave the service. Others may apply to the War Department or to the supply officer at the nearest military post or recruiting station, accompanying their request with their discharge or a true copy of it. Silver buttons will be issued to those wounded in action and bronze buttons to others.
